June 13, 2005

PUBLIC NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received a complete application for a water pollution control effluent reuse discharge permit (NEV2005503) from the applicant:

Cennedig, LLC
C/O Medicor, Ltd.
4560 South Decatur, Blvd., Suite 300
Las Vegas, Nevada 89103

The applicant has applied for a discharge permit to use tertiary treated denitrified disinfected effluent for reuse irrigation at the Willow Creek Golf Course located at 1500 Red Butte Drive in Pahrump, Nevada. The applicant has been using effluent for irrigation of the golf course, but was included under the Utilities Inc. of Central Nevada discharge permit (NEV89063). Due to a change in ownership, Willow Creek Golf is obtaining their own permit to reuse treated effluent for irrigation of the golf course. The treated effluent (reuse) water is supplied by Plant #3 of Utilities Inc. of Central Nevada. Reuse irrigation will be conducted in accordance with an approved Effluent Management Plan and the terms and conditions of their new permit. Monitoring will be required. The permit will be issued for a five (5) year period.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes (NRS) as amended, and implementing regulations, the Administrator proposes to issue a permit to discharge, subject to certain effluent limitations and special conditions.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, by July 14, 2005, within thirty (30) days of the date of newspaper publication, either in person or by mail or FAX (775)687.4684 to:

Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
333 West Nye Lane
Carson City, Nevada 89706-0851

The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determinations regarding the applications. If written comments indicate a significant degree of public interest in the proposed permits, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date. If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.

The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address, by calling Icyl C. Mulligan, Bureau of Water Pollution Control (775) 687-9432, or the Fact Sheet and Public Notice can be viewed at the NDEP website:
<http://ndep.nv.gov/admin/public.htm>.

Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.
